FREIGHT/UPS SHORTAGES OR DAMAGES

It is critically important to carefully inspect incoming goods for both accuracy and condition. Should a damaged or shorted shipment be received without identifying the problem on the delivery receiving documents, the carrier will not honor any claim for damaged or lost merchandise.

DAMAGES

If the shipment shows visible signs of damage, clearly indicate the extent of the damages on the delivery record. Immediately contact your Mohawk CSR to request an inspection. The delivering carrier must make an inspection of the damage within 7 days. You may file the claim for reimbursement or contact your Mohawk CSR for assistance.

SHORTAGES

Carefully count the number of cartons and pallets before signing the delivery receipt. If a carton or pallet is missing note the shortage on the delivery record and contact us immediately. Please note: no claim for missing cartons or pallets will be honored unless the delivery receipt properly references the missing pieces.

CONCEALED DAMAGE

If the damage is concealed, contact the delivering carrier for an inspection. This inspection must be completed within 7 days receipt of goods.

RETURN GOODS

Authorization is required to return parts for any reason. Contact your CSR for a Return Goods Authorization (RGA). Upon authorization, your CSR will direct disposition of parts. A restocking fee of 15% may be charged on returned parts.
